## INTRODUCTION

I'm Gillian Gybels, a 26-year-old student of "Digital Design – Web Development & Design" at Howest.

I've always been a creative person with a passion for art and music, but I hadn't quite found the right fit until I discovered the blend of art and technology. I enjoy spending my time developing websites where I design smooth UX/UI experiences, create images, illustrations, animations and all others.

Outside of my studies, you'll find me capturing unique moments through photography while exploring underground spaces and alpine landscapes.

## SKILLS

### TOOLS

- JavaScript
- HTML
- SCSS
- Craft CMS
- Vue.js
- Vite.js
- Adobe Pr
- Adobe Ps
- Adobe Lr
